A HARD QUESTION TO SOLVE

WORLD'S FAIR COMMITTEEMEN PUZZLED.

RACKING THEIR BRAINS FOR A SUITABLE HEAD-ING TO THE SUBSCRIPTION LIST. The problems involved in drawing up a form under which subscriptions to the World's Fair guarantee fund of \$5,000,000 can be received must be extremely

difficult of solution. The Finance Committee has struggled with them, pondered over them, and conserved about them for nearly two weeks, and the subscription books are still unopened, because the Com-mittee has been unable, even with the counsel of well-known lawyers, to form a satisfactory heading to be printed over the pages upon which the subscribers asked to sign their names. The Finance Committee held a meeting at the Cham-

ber of Commerce yesterday at 10 a. m. Luckily, the Committee had provided at a previous meeting that he-fourth of the members should constitute a quorum. ere were just seven present at the appointed time and one other came late and went away early. eight were Samuel D. Babcock, Calvin S. Brice, W. L. Bull, Morris K. Jesup, F. A. Kursheedt, Jesse Sellgman, J. Edward Simmons, William Steinway, and William McM. Speer, secretary of the General Committee, ex-officio. John M. Bowers was also present to give the committee advice on points of law.

The report of the sub-committee, composed of Calvin S. Brice, William Steinway and Morris K. Jesup, which was appointed to frame a printed headin the form of an agreement and sat until the small hours of the morning at Mr. Brice's house not three nights ago, was received and discussed. Fithe following was adopted:

Resolved, That this committee approve the sub stance of the form of agreement reported by the subcommittee, and that it be referred back to that to be put into a more satisfactory form, the perfected agreement to be reported to the full

As the form reported had been prepared under the advice of Grover Cleveland and John M. Bowers committee on Monday." at the all-night conference held at Mr. Brice's house, the committee, doubtless, discovered errors that had seeaped the eyes of the lawyers. What the agreement reported by the sub-committee, consisted of none

of the members would say.

After the committee had adjourned at noon, the Sub-committee called a conference at the office of ex-Bovernor Hoadly in the Equitable Building for 2 m. Besides the members of the committee, there were present ex-Governor Hoadly, Grover Cleveland, John M. Bowers and George W. Cotterill. The entire afternoon was spent in working out the intricate of how to word a heading so the people who subscribe will lled to pay their own subscriptions and no and will at the same time provide for the return of the subscriptions if the project falls At the end Mr. Brice said that the form was still not in a condition to be made public. report, however, he said, would be presented to the full committee on Monday, and the public would then

J. Edward Simmons told a Tribune reporter that the public had no idea of the difficulties under which the committee was laboring. He believed, though, that the hardest of them had been overcome and that the subscription books would soon be opened.

William Steinway said that the difficulties that the committee had to overcome were tremendous, and the public could not understand them. He thought, however, that the subscription books would soon be

Frederic A. Kursheedt declared his belief that New-York would have the Fair, in spite of the delays in getting money subscribed. The public, he said. could have no conception of the legal obstacles to be surmounted in preparing to receive subscriptions. In his opinion the subscription books would soon be opened. The other members of the committee refused

opened. The other members of the committee refused to talk.

The committee will meet at the Chamber of Committee at 12:30 Monday.

It is intended to raise the preliminary fund of E200,000 within the committees. The Finance Committee has already said it would subscribe \$25,000 toward it, and the committees on Site and Buildings, Legislation and Permanent Organization will be asked to subscribe similar amounts. The remaining \$100,000 will then be raised by subscriptions from the Other 186 members of the General Committee of 286.

Mr. Hartley, of Hartley & Graham, offers to let the committee have his twenty-three lots in the ste area for taxes and assessments.

SENATOR BEAIR FAVORS ST. LOUIS. St. Louis, Oct. 19.—United States Senator Blair of New-Hampsbire, while passing through this city vesterday, gave his preference for St. Louis as the location for the Workl's Fair. He says that he will vote for St. Louis when the proper time comes.

THE SUPREME COURT CENTENNIAL.

MAKING PLANS FOR CELEBRATING THE ANNI IN THIS CITY-EXERCISES IN

THE METROPOLITAN OPERA HOUSE. The committee of members of the New-York State Bar Association appointed to prepare for the celetion of the centennial anniversary of the organization of the United States Supreme Court met yesterday at the United States District Court-room. Ex-Judge Arnoux presided, and W. H. Robertson, John Van Voorhis, Charles A. Peabody, Welliam Allen Butler, Samuel A. Blatchford, Robert Sewell, Joseph Earocque, A. T. Clearwater, R. A. Parmenter, W. B. Hornblower and O. B. Potter were among the mom-Mr. Larocque reported that the sub sittee, of which he was a member, had consulted with the members of the supreme Court, and it had been arranged that there should be a recess that would nable the Justices to attend the celebration of the appiversary on February 4, 1890.

William Allen Butler presented a report from the ses which are to mark the anniversary. The report was adopted. It provides that an executive ttee of seven members should have general charge of the arrangements. Sub-committees will have charge of the finances, invitations, commemorative exercises and reception of guests. The financial support of the undertaking is to be supplied by the Bar ociation and from contributions and the sale of tickets. The President, the members of the Cabinet and the Supreme Court Justices will be the guests of the committee, and arrangements will probably be made for the entertainment of other guests. The indices of the highest appellate courts of each State will be invited. The commemorative exercises will be held in the Metropolitan Opera House on February 4, and will consist of speeches of welcome and orations on various pertinent topics. A reception at the Lawyers' Club in the Equitable Building will be held on February 5.

The members of the committee expressed the hope that the anniversary will furnish the inspiration for the erection of some statue or other memorial of the brganization of the Ceurt. nd the Supreme Court Justices will be the guests of

THE GENEROUS GIFT OF DR. ATRES. Dr. Daniel Ayres, emeritus professor of clinical Surgery, in the Long Island College Hospital, has been extremely liberal with his fortune toward institutions of learning. Last April he added to his many endowments #25,000 to Wesleyan University, toward the es tablishment of a chair in biology. This gift he comdeted a few days ago when he deeded to the unive sity eighty-six acres under cultivation at Montclair, R. J., valued at about \$30,000. The gift has not yet been formally accepted by the trustees, but it will be acted upon at the December meeting of the board. Every other department of the university had been endowed years ago, Dr. Ayres said, except this one, notwithstanding the fact that it was in charge of a est competent professor, Dr Conn. The condition

shall be used solely for the department of biology.

The consideration that led to she bestowal of this The consideration that led to the bestowal of this among was the fact that, in 1841, after he had studied at Wesleyan three years, Dr. Ayres left the university because it was not equipped to give the students sufficiently advanced instruction in natural science. In 1856 Wesleyan conferred upon him the degree of I.L. D., and he then resolved, if the opportunity ever came, to remedy the deficiency that caused him to leave the institution.

MANY PROPLE FRIGHTENED BY A CRAZY MAN. A powerfully built German who had become danger insane stood on the sidewalk at Sixth-ave. and Ninth-st. at 10 a.m. yesterday and struck out with his fists at men and women who passed him. In a few minutes he had the entire sidewalk to him-Women fied screaming from the place and men gave him a wide berth. Excited crowds gathered at a distance and called for the police. Roundsman John A. Woods, of the Mercer'st. squad, went up to the German and tried to lead him away quietly, but the lunatic struck him in the face and nearly knocked him down. Woods then knocked the madman down with his club. There was a desperate struggle on the sklewalk when the policeman tried to hold him down. Several men went to the assistance of Woods and the driver of an Adams express wagon lent a stout rope with which the men t the German's hands securely behind his back. Then he was lifted into a furniture van and conveyed to St. Vincent's Hospital. Afterward he was taken to Bellevue Hospital and placed in a padded cell. He was recognized as a man who had been there before, but his name was not known.

A CU1-AND-DRIED ADJOURNMENT.

THE COUNTY DEMOCRACY CONVENTION MAKES NO NOMINATIONS, BUT PASSES

RESOLUTIONS.

The County Convention of the County Democracy me big hall of Cooper Union yesterday, and was called to order by Police Commissioner John R Voorhis. The attendance was not large and many of the seats of delegates were vacant. This apparent want of interest was explained by the statement that it was known that the convention would adjourn without making any nominations. Adolph L. Sanger was ounced as temporary chairman, and made a speech assuring the convention that it was organizing for victory. He advised his colaborers to act with deliberation and wisdom. John Fenwell, M. J. Mulqueen, Mitchell Levy, M. T. Sharkey and H. W. Hilderbrandt were elected secretaries. When the roll of districts was called the names of many of the prominent district leaders were applicated with great

desperation by their followers. After the Committees on Permanent Organization and Resolutions had been appointed, Police Justice Power offered a resolution, which was adopted, that when the convention adjourned it should adjourn t meet at the same place on Thursday at 8 p. m

Ex-Senator James Daly offered the following which met with warm demonstrations of approval and was unaminously adopted:

met with warm demonstrations of approval and was unaminously adopted:

Resolved, That we are in favor of a union between the organizations of the County Democracy and Tammany Hall in the nomination of fit candidates for the Senate and Assembly throughout the county.

Each organization nominating an equal number of such union candidates. This conforms to the basis of representation accorded to both organizations in State conventions and on the State Committee. This organization in 1882 and in all subsequent years when union candidates were nominated concelled such equality of representation to Tammany Hall.

It should not and will not now accept less.

Resolved, That the Executive Committee of this organization be and it is hereby requested to communicate these resolutions to the Tammany Hall organization, and to co-operate with the latter in securing such a union with the proviso, viz.: that no person be renominated for either the Senate or Assembly who at the last session of the Legislature voted for the bills by which it was attempted to reorganize the Police and Park Departments for political purposes and which were vetoed by the Governor.

After adjournment Judge Power called the Executive Committee together in one of the small rooms of the building. The committee sent the resolutions of the convention regarding union in legislative districts to the Tammany Hall Executive Committee by special messenger, with a request for an answer not later than next Tuesday noon.

FUNDS FOR THE MARINE CONFERENCE.

Washington, Oct. 19,-The Department of State finds itself somewhat hampered in taking care of the Inter-national Marine Conference, because of the restricted appropriation made for meeting the expenditures in connection therewith. The amount at the the Department is only \$20,000, and at the outset the officials are confronted by the probable necessity of devoting half that sum to the preparation of a report of the proceedings by a French stenographer and in-terpreter. Official courtesies to the delegates must terpreter. Official courtesies to the delegates must necessarily be meagre, because of the limited appropriation. An invitation to a trip down the Potomac, including a visit to Mount Vernon, with luncheon on the Dispatch, will probably be extended to the conference to a few days. The members of the conference have been invited by Commodore Méeda to visit the Navy Yard and inspect the work in progress there. A number of the delegates called upon the Secretary of the Navy to-day and were shown through the State, War and Navy Department Building.

"I have had occasion to examine critically the methods pursued and the results attained at the Packard School of Stenography, and speak of my own knowledge when I say that as at present conducted this school comprises the best there is in shorthand teaching. Mr. Packard has accomplished what I have long wholed to see done, and I anticipate good results from it. It will enable me to co-operate with his instructors in their work, and so to assist in giving students of the system the greatest possible assurance of success.
